Hollywood's Littlest Princess, Suri Cruise, Celebrates Her First Birthday and Receives a Baby Swags First Birthday Gift Basket.

Just as baby Suri turns one, Baby Swags introduces the first, "First Birthday" Celebrity Baby Basket.

Plainfield, IL (PRWeb) April 10, 2007 — Hollywood is going to be the center of attention as many of its littlest stars will be turning one this year. Public Relations and Marketing Company, Baby Swags is also celebrating a new addition to celebrity gifting this year. Baby Swags introduces their "First Birthday Celebrity Baby Basket" with the first basket going to Suri Cruise who celebrates her first birthday in mid-April.

The "First Birthday Celebrity Baby Basket" is truly a unique customized basket that was made with Suri in mind. This basket will contain some of the most sought after gifts that were all made by Baby Swags Entrepreneur Clients and work at home moms. These gifts are hand painted, hand crafted, and mom invented.

BabyKakesink provided Suri with a Couture Crown Tank in Lime Green from their Be'Be' Bling Collection, along with a matching cotton headband with detachable boutique bow.

"As a Mom of two girls myself, it meant so much to participate in this basket. Knowing how exciting first birthdays are we wanted Suri and her family to know this is a very special celebration," states BabyKakesink Founder, Catherine. "First Birthdays are the perfect occasion to receive exclusive gifts designed just for the Birthday girl in mind."

bbabybling provided a "Suri's" "day pink lap-t" and their bbabybling signature lap-t. Both are made of 100% premium Peruvian Pima cotton accessorized with Swarovski Crystals. Both tees have U.V. protectors and are machine washable with stain resisters and all tees are tag-less.

"I sent these products to premier in Suri's basket because I thought it would be the perfect opportunity to showcase and launch our newest baby and children's line, "bbabybling" which will be available for purchase by mid-May," States bbabybling Founder, Sandra.

In addition, the "My Baby Can Talk" DVD series was developed on the principle that babies can communicate at a very early age using simple gestures. This fourteen time award winning series give babies and parents an effective way to communicate at an early age, reducing frustration for both and creating a special bond that is so important for healthy child development. One of the greatest human needs is to be understood and we are committed to fulfilling this need for preverbal babies.

Tipsie Toes sent Suri two pairs of their flexible soled pink and black Maryjanes. TipsieToes have the unique SuperFlex soles which bend easily to especially help with the early muscle development in their little feet. Pediatricians today recommend lightweight or flexible shoes for this very reason as this is crucial for your child to develop balance, coordination, and agility.

KozyPal Cart Covers has provided Suri with their handcrafted cart cover. The KozyPal cart cover was born after my own personal use of other store bought cart covers that were not living up to my high standard as a "real" mom. My inspiration comes from my children and being a mom, without them to aid in my creativity (and concern about germs and illness), KozyPal Cart Covers would not be what it is today.

"Children are special and I believe that they all need a special place that is their own to dream and make-believe; a world where they are the king, princess, or a dragon slayer!" adds Bouncing Off The Walls founder, Kristina, who's company is based in Canada. "It is my mission to keep children imagining and creating; to help them grow into adults that will still have a piece of their inner child". Bouncing Off The Walls provided Suri with hand-painted Mother Goose hanging letters that spells her name.

Pretty-As-A-Princess provided their original hand painted suitcase made with baby Suri in mind. This suitcase is completely lined inside with beautiful floral fabric. All areas of this decorative piece is covered with a beautiful mom and baby theme and is hand painted. This one of a kind suitcase is a first for Pretty-As-A-Princess

Baby Swags Founder, Phyllis Pometta is very proud to offer this "First Birthday Celebrity Basket" to Suri because she is loved by so many and the gifts that are being sent are all made out of a mother's love for a child. "The only gift greater than a mother's love, is a child's love," States Pometta, "Every

time I see a photo of Suri, it instantly takes me back to when my first child was born and then I realize how fast time goes by. I wanted to send Suri the first, "First Birthday Celebrity Basket" because as she celebrates her first birthday, I will be celebrating it with her through the eyes of my children."
